

# STOP THE VERIZON/CABLE DEAL.

The FCC and the Department of Justice are reviewing the proposed deal between Verizon subsidiary Verizon Wireless and the Big Cable companies.

The deal includes marketing agreements to sell each other's products through a quadruple play. The biggest wireless company and the biggest cable companies will be in bed together. This deal will end competition between historic rivals.

As a result, Verizon will not build or develop FiOS, costing jobs—and hurting consumers. The FCC and Department of Justice are reviewing the deal right now.

Call Governor Cuomo and Senators Schumer and Gillibrand to urge them to fight the deal, particularly the marketing agreements! Leave a message urging them to oppose the Verizon Wireless and Cable Company deal. **The marketing agreements in this deal create an unregulated monopoly, which destroys jobs and hurts consumers.** It takes 2 minutes and that's all you need to say.

**Call Governor Cuomo now at 518-473-5442  
Senator Schumer at 212-486-4430  
Senator Gillibrand at 212-688-6262**

**Leave a Message:  
Fight the Verizon/  
Cable Deal!**
